

A MARKETING PROGRAM TO GET NEW CUSTOMERS ENHANCE YOUR BRAND, AND SAVE MORE LIVES.

With no upfront costs whatsoever!

The Rescue Hearts Project is designed to:

1. Allow retailers a new way to promote their brand, gain new customers, and save lives
2. Be a fundraiser for local rescues and shelters
3. Promote and encourage pet adoption

The Rescue Heart bracelet, the heart of the program, instantly identifies a person or family who has a rescued a pet. Whether at a restaurant, a local retail event, or other gathering, wearing a Rescue Heart bracelet makes a pet rescue person instantly recognizable. Won't you join us in expressing appreciation to this special breed of people?

The bracelets are sold exclusively through pet rescues and shelters to provide an ongoing fundraising program that will ultimately save a greater number of dogs' and cats' lives.

We are seeking to partner with businesses that have a "rescue heart" and are willing to show their commitment by providing a small but welcome "thank you" as an incentive to rescue parents who patronize their establishments.

Whether it's a free dessert with a meal, a 5-10% discount at a retail store, or another *inexpensive, but appreciated*, incentive as determined by you, it would be a great way to promote your business as "rescue friendly" without any upfront or out of pocket costs.

Rescue Hearts will provide a window sticker (shown here) and counter card if requested, promote your business on our national web directory, and provide a digital badge for retailers' websites showcasing them as "rescue friendly".

It's a win for the animals, a win for the retailer and a win for pet rescues and shelters who always need to generate funds.
